RE: Outstanding Service Award

There are many reasons why I could nominate Dr. Adam for outstanding service. I could talk about the 22 years that he was and still is a fantastic dentist to me. I could talk about the excellent emergency work he did on my son when he had an unfortunate biking mishap. I could also talk about the outstanding work he does as a business to help beautify the downtown area; be it in the summer with the wonderful assortment of flowers that turns the heads of all who pass, or in the winter when his office is alit with a superb assortment of stunning coloured lights that amaze the passers by. I am not going to talk about these things; however, as I want to nominate him for his efforts in getting mouth guards to the minor hockey players of Yellowknife.

Yellowknife Minor Hockey has just put a rule in place that makes it mandatory for all players to wear a mouth guard. This is a preventative measure to avoid injury and I am in full agreement with the rule. Dr. Adam has been fitting children with custom mouth guards over the months of December and January to ensure that they meet this new rule. He has not been charging families for this service. I made an appointment at the Adam Dental Clinic to have mouth guards made for my 3 children and had the guards within 3 days of making the appointment! Dr. Adam did not charge my family (or others) for this service as it is his gift to the safety of the children.

Thank you, Dr. Adam, for this contribution as well as all the others that you have made to this community over the years that you have practiced here.
